

# *A Long, Long Way from the Green, Green Grass of Home.*

Winnie Jones came to Australia in 2000 from a sheep and cattle farm in the Brecon Beacons National Park in Wales. Together with her daughter, 12 year old Jemima, and 10 year old son Davey Tom, and partner Mal Douglass they live on a magnificent property, Mt. Bellevue, which overlooks the King Valley.

A uniquely located high country vineyard and home to a pedigree stud herd of Welsh Black cattle which as you can see from the picture, are very much part of the family.

Redbank is now a neighbour of Winnie & Mal.

In November 2005 we purchased the 15 - hectare Myrree Ridge vineyard next door to Mt. Bellevue (hopefully Delmi, the Bull, knows which side of the fence is his and which is ours) and plan to increase plantings of Pinot Gris and introduce the exciting Italian variety, Garganega.

As we have done for many years, we'll continue to purchase the excellent Pinot Noir, Chardonnay, Cabernet Sauvignon and Shiraz fruit grown here at Mt. Bellevue for our premium King Valley wines.

You would think that nurturing and developing vineyards in this rugged part of the world and passionately seeking ways to improve their Welsh Blacks would be enough for those who may claim they are sane.

But no, Winnie and Mal have built four unique Bed & Breakfast "get-aways", each with breathtaking views of the "High Country".

Gourmet continental breakfast, delicious Welsh Black beef on the BBQ ( don't mention this in front of Delmi), a selection of local cheeses and fresh produce.

And of course a bottle of locally grown Redbank wine.

Why not enjoy this experience yourself?

Contact Winnie and she'll be delighted to send you a brochure and tell you a little more about Mt. Bellevue.
